

# Quick Start Guide

## Goal

Go from purchase to live trading in ~10 minutes.

## Download

Dashboard ? My Products ? Download EA and copy license.

## Install

Open MT5 data folder ? MQL5/Experts ? paste EA ? restart.

## Load

Open correct symbol/timeframe ? drag EA ? enable algo trading ? enter license and risk settings.

## Enable Algo

Ensure Algo Trading button is green.

## Verify

Experts tab should show success message; no errors in Journal.

## Checklist

MT5 installed, correct broker, EA installed, license activated, chart ready, algo on, VPS optional.
